# Subin Lee

Cleveland, OH
sxl2536@case.edu
www.linkedin.com/in/lee22-subin

## Education

**University of Connecticut School of Medicine**, Farmington, CT

Doctorate of Medicine — May 2021

**Boston College**, Chestnut Hill, MA

Bachelor of Science in Biochemistry, *summa cum laude* — May 2016

## Clinical Experiences

**Rutgers New Jersey Medical School**, 185 South Orange Ave MSB Suite G-595, Newark, NJ

Residency in Department of Surgery (General), July 2022 – June 2025

**Rush University Medical Center**, 1750 W Harrison St Suite 775, Chicago, IL

Internship in Department of Surgery (General), June 2021 – June 2022

## Honors and Awards

**School of Medicine Awards for Overall Academic Excellence**, University of Connecticut School of Medicine Senior Award • May 7, 2021

**Lawrence G. Raisz Award for Excellence in Musculoskeletal Research**, University of Connecticut School of Medicine Medical Student Research Day Poster Presentation • February 25, 2019

**Scholar of the College Award**, Granted by Boston College Morrissey College of Arts and Science to students who have excelled academically in their undergraduate studies and have accomplished substantial, independent work of the highest quality during their senior year • May 23, 2016

## Research Experiences

July 2025 - Current

**Clinical Research Fellow**
Cleveland Clinic Department of Cardiothoracic Surgery, Cleveland, OH
Advisor: Eugene Blackstone, MD

- Participate in clinical research within the realm of cardiothoracic surgery

June 2024 – April 2025

**Resident Researcher**
Rutgers NJMS Depart of Surgery, Newark, NJ
Advisor: Danbee Kim, MD

- Reviewed the reliability of health information on weight loss medications and bariatric surgery in social media

September 2018 - October 2019

**Student Researcher**
UConn Health Division of Neurosurgery, Farmington, CT
Advisors: Ketan R. Bulsara, MD, MBA & Hilary Onyiuke, MD, *Associate Professor*

- Reviewed a series of clinical cases of lumbosacral transitional vertebrae/Bertolotti Syndrome and designed a grading scale to guide clinical management of this uncommon condition
- An abstract version of this work was presented at the Congress of Neurological Surgeons Annual Meeting in October 2019. A manuscript on this work has been published in a peer-reviewed journal.

June 2018 - August 2018

**PIE Fellow**

Summer 2019 Partnership for Innovation & Education (PIE), Farmington, CT

Advisor: Caroline N. Dealy, PhD, *Associate Professor*

- Engaged in rigorous laboratory-based research over the summer after my first year of medical school. Validated and characterized a genetically-modified knockout mouse model designed to lack expression of soluble epidermal growth factor receptor with an ultimate goal to evaluate the diagnostic and therapeutic potential of this molecular protein for rheumatoid arthritis.
- At the conclusion of the program, presented a poster of my work at the UConn Medical & Dental Student Research Day and was awarded the Lawrence G. Raisz Award for Excellence in Musculoskeletal Research.

## Presentations

Society of American Gastrointestinal and Endoscopic Surgeons Annual Meeting • 2025 March 13 • Podium Presentation

- **Lee, S.,** Narula, N., Kim, D. Evaluation of social media videos on weight-loss surgery and GLP-1 agonists: A content quality and reliability analysis.

Society of American Gastrointestinal and Endoscopic Surgeons Annual Meeting • 2024 April • Video Presentation

- **Lee, S.,** Hajifathalian, K., Narula, N. Incidental finding of papillary mesothelioma during combined hiatal hernia repair.

American Burn Association Annual Meeting • 2024 April • Poster Presentation

- Chaudhry, B., **Lee, S.,** Pineda, J., Lee, C. Pediatric burns: A single institution retrospective review of incidence, etiology, and outcomes in 685 patients.

American Society of Pediatric Otolaryngology Annual Meeting • 2021 April • *Virtual* Podium Presentation

- Frank, S., **Lee, S.**, Kavanagh, K., & Hughes, A. Utility of airway fluoroscopy as a diagnostic test in children with stridor.

American Academy of Otolaryngology-Head and Neck Surgery Foundation Annual Meeting • 2020 September • *Virtual* Poster Presentation

- **Lee, S.**, & Falcone, T.E. Endoscopic approach to a giant ethmoid osteoma presenting as an orbital abscess.

Congress of Neurological Surgeons Annual Meeting, San Francisco, CA • 2019 October 21 • Oral Presentation

- **Lee, S.**, & Knopf, J. Onyiuke grading scale: A clinical classification system for the diagnosis and management of Bertolotti Syndrome.

UConn Medical & Dental Student Summer Research Day, Farmington, CT • 2019 February 25 • Poster Presentation

- **Lee, S.** Characterization of a novel EGFR splice-site knockout mouse model in search for an alternative therapeutic option for rheumatoid arthritis.

Boston College Biology Department Undergraduate Research Day, Chestnut Hill, MA • 2016 May 6 • Poster Presentation

- **Lee, S.** Multi-leveled cooperation between Set1 and RNAi in heterochromatic silencing of major repetitive elements in fission yeast.

## Leadership Experiences

May 2020 – Nov 2020

**Team Lead**

*Capital Region Medical Reserve Corps/Hartford Health Department*

- Partnered with Hartford Health Department to initiate a COVID-19 Telephonic Monitoring Outreach Program to monitor the health of patients tested positive for SARS-CoV-2 and who are being self-quarantined at home and to assess their basic needs.
- Led and supported a team of medical student volunteers who are responsible for making telephone calls to patients by communicating clear guidance & instructions, educating them on community resources, and overseeing proper documentation of telephonic encounters

Aug 2019 – May 2021

**Student Recruitment Board**

*Eastern Area Health Education Center (AHEC) Interprofessional Education Clinics* – CT AHEC program is designed to promote an environment of interprofessional teamwork and to enhance access to quality health care to the underserved population across the state of Connecticut

- Provided medical and dental students with opportunities to participate in community outreach programs at free medical clinics or soup kitchens around Eastern Connecticut in an interprofessional setting, working alongside physician assistant, pharmacy, and nursing students

Jan 2018 – May 2021

**Board Co-Director, Operations Board Committee & Manager**

*South Park Inn Medical Clinic* – A free, student-run medical clinic that serves the residents of the South Park Inn Homeless Shelter

- As the Co-Director, oversaw and supported the initiation and operation of various projects to address the needs of the homeless population
- Took on responsibility of the day-to-day operations of the free medical clinic and collaborated with pharmacy students to take inventory and keep the facility well equipped to ensure smooth functioning of the clinic
- Directly supervised individual clinic sessions so that the patients' receive appropriate medical attention during their visit and the patients are connected with appropriate resources

Aug2018 – April 2019

**Event Coordinator**

*Women in Surgery Interest Group*

- Introduced and planned out various events throughout the year, including surgical sub-specialty panel, USMLE Step 1 panel, and surgical skills simulation
- Generated interest in a career in surgery amongst both male and female medical students and provided support and mentorship

Aug 2017 – May 2021 **Urban Track Scholar Cohort 11** & **Co-Lead**

*Urban Service Track/Connecticut Area Health Education Center (AHEC)*

- Collaborated in an interprofessional team setting of medical, dental, physician assistant, nursing, and pharmacy students with a goal to serve the Connecticut's urban population
- As a co-leader, organized and facilitated community outreach events to provide education and promote healthy behaviors for many of the underserved community members
- Participated in UST COVID19 Capacity Building project to reach COVID-19 patients quarantined at home via telephone to monitor their health status and connect them with resources to meet their basic needs during the pandemic

## Work Experience

Medical Scribe • ScribeAmerica, Inc. Boston, MA • June 2016 – April 2017

- Enhanced efficiency and accuracy of medical charting on multiple EMR systems by facilitating documentation of patients' encounters to allow providers to stay focused on optimizing delivery of direct patient care

## Volunteer Experiences

Migrant Farm Worker Clinic Volunteer • UConn/CT AHEC, Farmington, CT • Sep 2017 – Sep 2018

- Took part in delivering medical care directly to migrant farm workers around CT to address their needs as part of the ongoing effort to make healthcare more accessible to this vulnerable population

Boston Food Pantry Volunteer • American Red Cross, Boston, MA • Sep 2016 – May 2017

- Prepared and distributed food bags to support low-income members of the community to provide them with food in times of need

Radiology Department Volunteer • Newton-Wellesley Hospital, Newton, MA • June 2015 – August 2015

- Maintained the quality of equipment in between patients and escorted the patients from the waiting room to facilitate the process of diagnostic imaging of patients in the radiology ED

Emergency Department Volunteer Greeter • Newton-Wellesley Hospital, Newton, MA • Sep 2013 – April 2014

- Managed queue throughout entire patient visit cycle in the ED waiting area and communicated problems and delays to families and patients
